

If you are driving along Claremont main road away from town there will be a turn off directly after the Southern Sun Hotel. There is a sign that says **'NEWLANDS ON MAIN VISITORS PARKING'** to your left. Turn left at that sign and continue up the ramp.

If you are driving in the direction towards town you will pass the Letterstedt building on your right. Turn left onto Sans Souci road and follow the road until the T-junction. Take a right turn at the end of the road onto Main Street. Follow the road until you get to the circle where you will take the 3rd exit. At the robot take a right turn back onto main road. Keep going straight on main road, you will go over one set over robots river and then you will see a sign on the side of facebrick building just after the **SOUTHERN SUN HOTEL** which says **NEWLANDS ON MAIN VISITORS PARKING** turn left onto that ramp.

Once you have turned up the ramp you will take a right turn at the top, there are visitor parking bays to your right. If there are no parking bays available follow the road to the security boom and tell the security that you are visiting **Ullman Sails**, they will direct you to an alternate parking bay.

**VISITORS PARKING**

Once you have parked your car in the visitors parking lot, walk up the stairs and along the patio.

At the end of the patio enter through the big doors. You will have to sign in at security and then catch the lift up to the 4th floor. Once you are on the 4th floor, we are in the **SOUTH WING** at the end of the corridor
